Established JANUARY 2nd 1975 by Paul Redmond & Peter Armstrong

"GOING STRONGER & STRONGER"

RUN 1600

### **NOVI VINODOLSKI 2-4.June, 2006**

As promised in Tuheljske Toplice we are going back to **Novi Vinodolski**. Zagreb HHH will celebrate 1600th run in Novi Vinodolski, small turist resort on Croatian Coast close to city of Rijeka.

#### **Accomodation**

Last time we had good experience with Hotel RUŽA so we will repeat it.

Hotel Ruža is in the center of Novi Vinodolski. This is small seaside hotel, capable to host approx. 50 guests - exactly according to our needs.

Hotel is easy to find because it is in the center, on the oposite side of the gas station few hundred meters on the right hand side.

#### **How to come there**

**Driving from Zagreb** – distance 170 km, aproximate time needed 1 hour 50 minutes

You should take Highway direction Rijeka. You will pass Karlovac and after 74 km (from Zagreb) you will reach highway crossing Bosiljevo where you take direction Pula, Rijeka.

Now you drive on mixture of highway and semi-highway. Be carefull! 137 km from Zagreb you will reach Ostrovica where you leave highway to Rijeka and take local road direction Split, Crikvenica, Otok Krk. You pass Hreljin, Krizisce and on the crossing with main Adriatic road (153 km from Zagreb) you drive direction Split, Crikvenica. Pass by Crikvenica and after 170 km you will see table Novi Vinodolski. After further 1,5 km you will enter center of Novi and will see gas station on the left side. Continue driving for 100 meters and turn right from main road before Hotel Tamaris. You will drive along narrow one way street (Lišanjska ulica) and after some 500 meters on the left side is Hotel Ruža. Parking is on the left behind the hotel.

There is another possibility to use another new highway - towards Senj. In that case after Karlovac at Bosiljevo (70 km from Zagreb) you drive direction Split. In Zuta Lokva you leave the highway and drive old road (24 km) to Senj. From Senj you drive old Adriatic cost road (aprox 20 km) to Novi Vinodolski.

This way from Zagreb (190 km) will take you some 45 minutes more than Rijeka road and we do not recomend it.

#### **By plane**

Nearest Airport is Zagreb Airport

## **By train**

Nearest train station is Rijeka.

Depending on train connections Zagreb could be better choice connected with the bus to Novi Vinodolski.

From Zagreb Railway station to Zagreb bus station is 1,5 km and one can use tram (only 2 stations if you are on the right one).

Better idea is to inform ZH3 and apply for the lift from Zagreb to Novi by car.
